ADVISORY OPINION

An analysis of the facts presented and pertinent statutory provisions of West Virginia Code 6B-2-5(d)(1) and (2) follows:

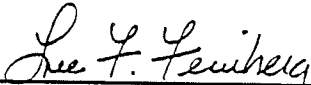

a. The individual is a public employee of a political subdivision and also serves on a State Commission.

b. The agency with which the individual is associated receives public funds based upon approval of the Commission. This constitutes a public contract.

c. However, subsection (d)(2) requires the public employee to have more than a limited interest (10% or \$30,000) in a "business" which is a party to or which receives an interest in the benefits of a public contract.

d. A Governmental Agency is not considered a business which the employee is associated with or has an interest in under the terms of the Act.

Therefore, the public employee is not in violation of subsections 5(d)(1) and (2) of the Act and may be a member of the Commission that approves funding for the employee's agency.
