Independent medical examination (IME) and peer review networks: We have learned through experience that not all treating physicians are effective evaluators. The reasons are varied and stem from the distinct differences between treatment and evaluation. Accordingly, we have taken a unique approach to offering clients a qualified and certified panel of evaluation specialists. Through a mosaic approach similar to the PPO network strategy, we have partnered with the country's premier providers of IME panels. These groups provide a seamless and integrated service that complements our other managed care program services. ExamWorks/MES Solutions have been partners with Sedgwick since 2009.
